

REMARKS

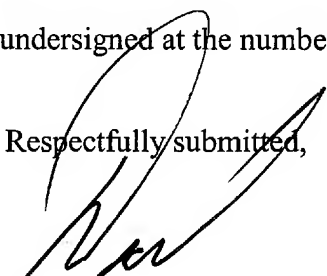

This paper is responsive to a Notice of Allowance dated December 11, 2007. Applicant respectfully requests entry of the present amendment, which corrects the obvious omission of the word "not" from the amended paragraph. The correction is entirely consistent with remainder of the specification and conforms the amended paragraph with identical language (previously corrected by amendment), which appears in the Summary. No new matter is added.

In summary, a typographic error has been corrected in the Specification and the present application is now in condition for grant. If any issues remain that could be efficiently handled by telephone, the Examiner is requested to call the undersigned at the number listed below.
